## THE HIGH PROOF RYE THAT MAKES COCKTAILS STAND TALL

Where other rye whiskeys are watered down, Bone Snapper Rye is the big proof, bold flavor rye that makes your money well spent. No wonder it was named a Top 5 Rye Whiskey by Maxim Magazine.

Distilled with a mash of 95% rye and 5% malt, the rye ages in small batches in Bardstown, KY, before being bottled. No chill-filtration. No mystery ingredients. Just great rye whiskey with a bold, spicy flavor bottled at 108 proof.

Every bottle of Bone Snapper Rye delivers a smooth, consistent punch that is the reward for anyone who has put in a hard day's work and earned the right to drink a Rye, served neat or in a classic cocktail.
